

## **The Lott Settlement**

### **From the Lehi Centennial History page 19**

**The spring of 1851 saw an increase to this little group near the Lake. (Sulphur Springs). The first arrival was a widow, Mrs. Pemelia Lott, mother of Mrs. Losee.**

**She was soon followed by her son, John, her son-in-law, John R. Murdock, and Orrace Murdock, who, with their families, settled near the home of Shirts.**

**This little group became known as the Lott Settlement and was increased soon afterwards by the arrival of Isaac Losee and Ira J. Willes, the latter, however, remaining at Stink Weed Spring. In addition, other families had stopped at various springs in the neighborhood.**
